

PARISH NOTES *Your Way*

A New Option for *Parish Notes* Delivery

Attention Households with E-mail on File at the Parish Office:

Watch for a new weekly e-mail message with a link to the latest issue of *Parish Notes* beginning Tuesday, April 6!

You will continue to receive in the mail a paper copy of *Parish Notes* through the month of April. During this time, please consider which option — paper or electronic — is best for your household.

Beginning with the May 9 issue, you will receive *Parish Notes* via e-mail *only*, **unless you have notified us that you wish to remain on the paper mailing list.**

A convenient e-mail link will be included in your *Parish Notes* e-mail. Use it to notify us of your choice(s) for *Parish Notes* delivery. You can opt for *both* electronic and paper if you wish! [Email us now](#) to give us your preference.

PLEASE NOTE: If **no one** in your household uses e-mail, there will be **no change** in the delivery of your paper copy of *Parish Notes*. No action is required.

If you are not sure if we have your correct e-mail address on file, check with the Parish Office. We would be happy to add you! Call (216) 932-5815 or [email us](#).

St. Paul's is committed both to effective communications and to fiscal and environmental responsibility. We want you to receive parish news in the format of your choice, and we want to spend your pledge dollars wisely and reduce paper usage where feasible. Please help us with the choice that suits you!
